(c) The Special Component Plan aims at identification of schemes in the general sectors of development which would be of benefit to Scheduled Castes, quantification of funds from all divisible programmes under each sector and determination of specific targets in terms of number of families which were to be benefited from those programmes under each sector besides ensuring adequate flow of benefits from other sectors/programmes for Scheduled Castes. These Plans are envisaged to help the poor Scheduled Caste families belonging to all the major occupational groups among them, such as, agricultural labour, small and marginal farmers, share-croppers. Keeping in mind the occupational pattern of the Scheduled Castes in the country the sectors which become especially important for the economic development of Scheduled Castes form the core sector of the Special Component Plan.

The criteria for selecting ITDP, MADA, Clusters and PTGs is as under:—

ITDP is set up in a contiguous geographical area of Block or Tehsil where more than 50% of the population belongs to the Scheduled Tribes. MADA is formed where the total population in a contiguous are is 10,000 of which atleast 50% are tribals. A cluster is one where total population is 5000 of which 50% or more are tribals. Primitive Tribal Groups have been identified in 15 States / UTs on the basis of the following criteria namely (i) Pre-agricultural level of technology and (ii) extremely low level of literacy.
